

The Absolute Beginner Listening Module will help you build your English listening skills step by step. Composed of 20 lessons that teach you to naturally recognize and understand sounds, words, phrases and sentences in English.

You'll hear common words, sentence patterns, and everyday phrases. Each lesson focuses on a different topic, like talking about your day, giving directions, or describing things. You'll learn to pick out important grammar and sentence types just by listening.

All 20 lessons come with a short video. The speaker talks slowly and clearly, so it's easy to follow along. There are also simple activities to help you practice what you've learned.

By the time you finish all 20 lessons, you'll be much more confident understanding English when people speak it. Plus, you'll earn a special Course Completion Certificate! This Listening Module also connects with the Vocabulary, Grammar, Speaking, and Writing modules to help you build your skills in all areas of English.
